

ORGANIZATIONS

World Association for Sand Therapy Professions (WASTP)

Founded in 2019: *World Association for Sand Therapy Professionals* (WASTP) exists to promote integrity and ethical practice in the therapeutic use of sand. It is a non-profit organization that is inclusive of a variety of clinical theoretical orientations and approaches to sand therapy. See other pages of this website for additional information.

*World Journal for Sand Therapy Practice** is an international, peer-reviewed, online, Open-Access journal. The members of WASTP provide this journal to the world free of charge to promote the ethical practice of the wide array of sand therapies. <https://wjstp-ojs-txstate.tdl.org/wjstp/index>

IAST

INTERNATIONAL ASSOCIATION FOR SANDTRAY THERAPY

The International Association for Sandtray Therapy (IAST) was founded in 2019 and is a non-profit organization that aims to educate and train mental health therapists.

Purpose of the IAST

- To support and educate mental health therapists
- To educate the public about sandtray therapy
- To provide a place for sandtray therapists to learn and connect

Sandplay Therapists of America

(I can't pull the logo from the website for some reason - <https://www.sandplay.org>)

Sandplay Therapists of America (STA) is a non-profit professional organization, whose purpose is to promote education, training and research in sandplay therapy. STA is the US affiliate of the parent organization, International Society for Sandplay Therapy (ISST), which provide an international meeting ground for the exchange of knowledge and experience in Sandplay.

International Society for Sandplay Therapy (ISST)

(I could not pull their logo off - <https://www.isst-society.com>)

The International Society for Sandplay Therapy (ISST) is an international professional organization for sandplay therapists. It promotes the study, training, and research of sandplay therapy, a therapeutic method developed by [Dora Kalff](#) based on the principles of [C.G. Jung](#). ISST provides an international network and platform for sandplay therapists to share knowledge, experience, and engage in research, as well as offering training and registration guidelines.
